What Janet's Clients Have To Say....

We were very impressed with many salespeople who showed prospective purchasers through our home. In particular, we were very appreciative of the efforts of Janet Brown from the Riccarton Office. Janet worked extremely hard to introduce two different groups of purchasers. She was very professional in her dealings with us. Kept us fully informed throughout the process, and showed an enormous amount of commitment to get our property sold for the best price.

“Punctual and well organised, Janet had a very enthusiastic and positive attitude at all times...”

We found Janet excellent to deal with, she was very professional and organised and nothing seemed to be a problem. I would have no hesitation in re-selling my property or buying another larger property through Janet knowing that I could sit back and trust her to do everything.

Lance & Kerri Spence

Janet Brown always demonstrated a professional approach during the ultimately successful marketing of our property. In addition to this professional ethical stance to her selling she has an easy empathy with people. We were always kept informed as the marketing campaign progressed. Janet is the consummate real estate professional.
